CellGenix® GMP Stem Cell Growth Medium (SCGM), Serum-free, Xeno-free
Order No.: 20802-0500 (500 ml bottle), 20902-0500 (500 ml bag)

Product Characteristics

Main components  Salts, sugars, amino acids, vitamins, buffers
Contains phenol red, β-Mercaptoethanol, and L-glutamine

Human proteins  Albumin (human plasma-derived, licensed medicinal product for human use,
complies with Ph. Eur.), Insulin (human recombinant, yeast-derived, complies
with Ph. Eur. and USP)

Application  Cultivation of hematopoietic stem and progenitor cells, expansion and
differentiation of NK-cells

Intended use  For further manufacturing use.

Quality Parameters

Appearance  Clear, red liquid
pH  7.2 -7.5, determined according to Ph. Eur.
Osmolality  290 – 350 mOsm/kg H2O, determined according to Ph. Eur.
Bioassay  Expansion of human CD34+ cells
Endotoxin  ≤ 1 EU/ml, determined according to Ph. Eur.
Mycoplasma  Not detectable, determined according to Ph. Eur.
Sterility  Sterility test of the final product, determined according to Ph. Eur.

Shipment & Storage

Transport  Ambient temperature. Please refer to Technote (www.cellgenix.com).
Shelf life  2 years from date of production. Minimum 6 months from date of shipping.
Storage  Store at +2 °C to +8 °C. Light protection is recommended.

Quality Statement

This product is manufactured, tested and released in compliance with the relevant GMP-guidelines. USP chapter <1043> has been considered in the design of this product. This product is compliant with ISO Technical Standard 20399. The formulation does not contain animal derived components (xeno-free).

Human Albumin has been collected from healthy donors at the time of collection, and samples of their donations were tested individually and found negative for viral diseases by approved methods (HIV1/HIV2, HBV, HCV, Parvovirus B19).
